Why are there three? Which one should be the default printer?

1. [difference between printer drivers](#)
2. [difference between type 3 and type 4 printer drivers](#)
3. [difference between postscript and pcl printer drivers](#)

I've just installed the all-in-one Canon Pixma MG5320 (under Windows 7 64-bit) When I check out Devices and Printers, the printer is listed three times: Canon MG5300 series Printer Canon MG5300 series Printer WS Canon MG5300 series Printer XPS These three choices also appear when I print anything.
